

Enhancement of skin antioxidant ability

Glutathione Booster

Product name: iVC™ 3LGA

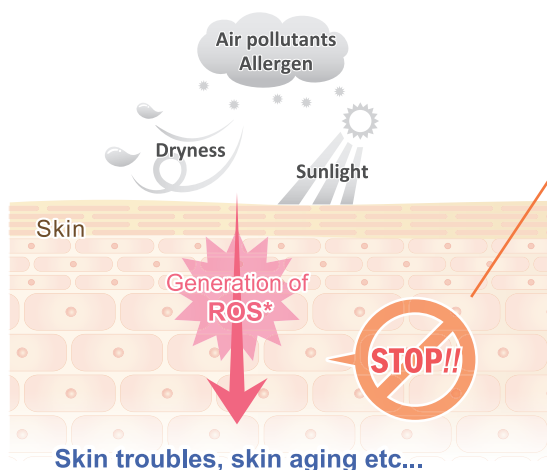

Efficient skin oxidation measures

Glutathione Booster (Product name: iVC™ 3LGA) is a patented ingredient which increases glutathione production for antioxidant inside skin and also enhances glutathione efficacy.

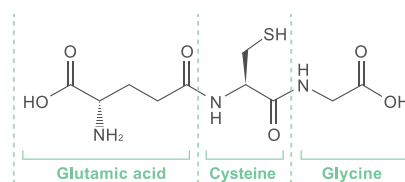

Increasing
**glutathione
production**

Enhancing
**glutathione
efficacy**

Super-antioxidant Glutathione

Glutathione is composed of three amino acids, glutamic acid, cysteine, and glycine, and exhibits powerful antioxidant properties that scavenge reactive oxygen species and peroxides. It shows skin beautifying effects by preventing cell oxidation. It is also known to have detoxifying effects on various other poisons and drugs.

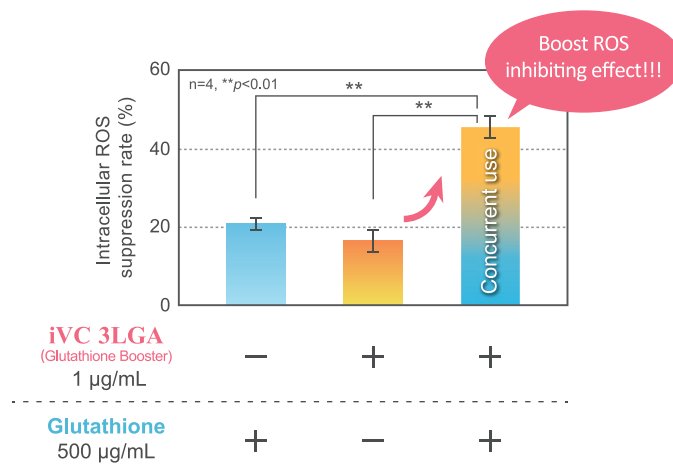

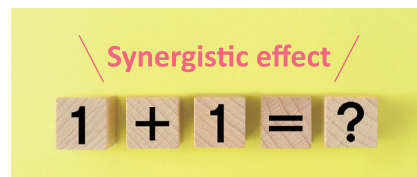

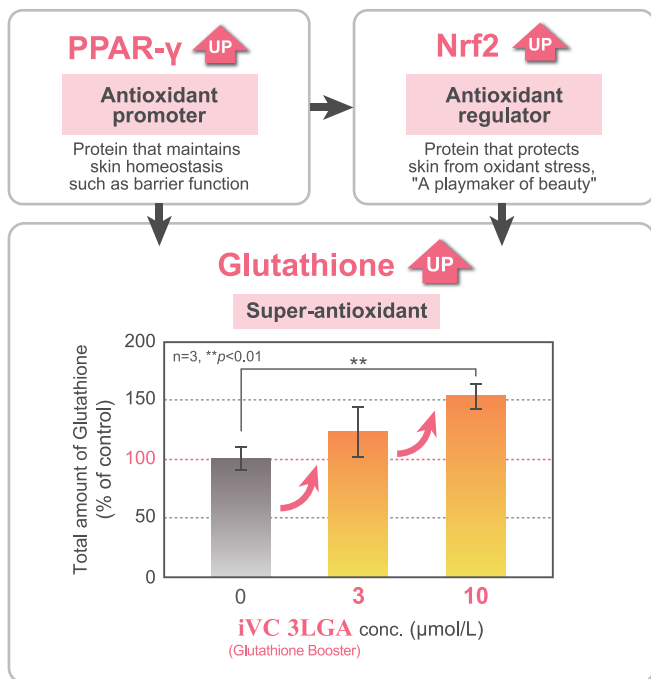

* Reactive Oxygen Species
